ABOUT ME

I am Khushi Prajapati, currently pursuing my Master of Science in Information Technology. I have a strong foundation in programming, Web development, and a growing interest in artificial intelligence and machine learning. Passionate about building scalable and efficient applications, I possess hands-on experience in full-stack development, and I am continuously enhancing my technical skills in JavaScript, Java, web development and other technologies. I aim to contribute to innovative projects that solve real-world problems and drive business value.

EDUCATION

2022 - 2027

Gujarat University

5 Years Integrated MSc (CA & IT)

K.S. School of Business Management and Information Technology

GPA - 4.27 / 5 - Gold Medalist at Gujarat University

2022

HSC

12th [Commerce]

Percentile - 96.84 | Grade - A2

2020

SSC

10th

Percentile - 97.77 | Grade - A2

PROJECTS

ElectroEra - Full Stack E-Commerce Web Application

- Developed a responsive e-commerce platform using React.js, Node.js, Express.js, MongoDB and Tailwind CSS.
- Implemented JWT-based authentication, product catalog, shopping cart, wishlist, order management and secure checkout.
- Integrated Razorpay payment gateway and designed RESTful APIs for seamless frontend-backend communication.
- Link : <https://electroera.onrender.com>

AI-Powered Object Detection and Guidance System for the Visually Impaired

- Tech Stack: Python, React.js, FastAPI, YOLOv9, OpenCV, Sentence Transformers
- Developed an AI-based assistive application that detects everyday objects in real time using YOLOv9.
- Integrated voice commands and audio guidance to help visually impaired users locate requested objects.
- Built a React-based frontend with a FastAPI backend for real-time object detection and communication.

Smart Stick for the Visually Impaired (IoT-Based Assistive System)

- Built an IoT-enabled smart stick using Arduino Uno, ultrasonic sensors, and GPS for obstacle detection and navigation.
- Implemented buzzer alerts to notify users of nearby obstacles and improve safe mobility.

SKILLS

- HTML | CSS | JavaScript
- React.js
- Node.js
- Express.js
- MongoDB
- Tailwind CSS
- C
- C++
- Java
- Problem solving
- Team work
- Effective Communication
